CURRENT SITUATION

(Recent updates are posted at the top of Current Situation)

At approximately 2018 hours, the City of Riverside Fire Department responded to a report of a vehicle accident into a utility pole resulting in a possible structure fire of a residence. The first arriving engine company reported that a passenger vehicle had hit a utility pole causing live electrical lines to fall resulting in a small vegetation fire in the surrounding grass area. No structures were reported on fire and none were damaged. The driver of the vehicle had fled the scene. No injuries occurred as a result of the incident but two utility poles were snapped in half and several power lines were down in the surrounding area. Public Utilities was called to assist with the incident and Arlington Avenue is to remain closed for most of the night while crews worked to restore power to the area.
